"Sec. 14. Minnesota Statutes 2023 Supplement, section 256B.761, is amended to read:

**256B.761 REIMBURSEMENT FOR MENTAL HEALTH SERVICES.**

(a) Effective for services rendered on or after July 1, 2001, payment for medication management provided to psychiatric patients, outpatient mental health services, day treatment services, home-based mental health services, and family community support services shall be paid at the lower of (1) submitted charges, or (2) 75.6 percent of the 50th percentile of 1999 charges.

(b) Effective July 1, 2001, the medical assistance rates for outpatient mental health services provided by an entity that operates: (1) a Medicare-certified comprehensive outpatient rehabilitation facility; and (2) a facility that was certified prior to January 1, 1993, with at least 33 percent of the clients receiving rehabilitation services in the most recent calendar year who are medical assistance recipients, will be increased by 38 percent, when those services are provided within the comprehensive outpatient rehabilitation facility and provided to residents of nursing facilities owned by the entity.

(c) In addition to rate increases otherwise provided, the commissioner may restructure coverage policy and rates to improve access to adult rehabilitative mental health services under section 256B.0623 and related mental health support services under section 256B.021, subdivision 4, paragraph (f), clause (2). For state fiscal years 2015 and 2016, the projected state share of increased costs due to this paragraph is transferred from adult mental health grants under sections 245.4661 and 256E.12. The transfer for fiscal year 2016 is a permanent base adjustment for subsequent fiscal years. Payments made to managed care plans and county-based purchasing plans under sections 256B.69, 256B.692, and 256L.12 shall reflect the rate changes described in this paragraph.

(d) Any rates effective before July 1, 2015, do not apply to early intensive developmental and behavioral intervention (EIDBI) benefits described in section 256B.0949.

(e) Effective for services rendered on or after January 1, 2024, payment rates for behavioral health services included in the rate analysis required by Laws 2021, First Special Session chapter 7, article 17, section 18, except for adult day treatment services under section 256B.0671, subdivision 3; and early intensive developmental and behavioral intervention services under section 256B.0949; ~~and substance use disorder services under chapter 254B,~~ must be increased by three percent from the rates in effect on December 31, 2023. Effective for services rendered on or after January 1, 2025, payment rates for behavioral health services included in the rate analysis required by Laws 2021, First Special Session chapter 7, article 17, section 18, except for adult day treatment services under section 256B.0671, subdivision 3; and early intensive developmental behavioral intervention services under section 256B.0949; ~~and substance use disorder services under chapter 254B,~~ must be annually adjusted according to the change from the midpoint of the previous rate year to the midpoint of the rate year for which the rate is being determined using the Centers for Medicare and Medicaid Services Medicare Economic Index as forecasted in the fourth quarter of the calendar year before the rate year. For payments made in accordance with this paragraph, if and to the extent that the commissioner identifies that the state has received federal financial participation for behavioral health services in excess of the amount allowed under United States Code, title 42, section 447.321, the state shall repay the excess amount to the Centers for Medicare and Medicaid Services with state money and maintain the full payment rate under this paragraph. This paragraph does not apply to federally qualified health centers, rural health centers, Indian health services, certified community behavioral health clinics, cost-based rates, and rates that are negotiated with the county. This paragraph expires upon legislative implementation of the new rate methodology resulting from the rate analysis required by Laws 2021, First Special Session chapter 7, article 17, section 18.

(f) Effective January 1, 2024, the commissioner shall increase capitation payments made to managed care plans and county-based purchasing plans to reflect the behavioral health service rate increase provided in paragraph (e). Managed care and county-based purchasing plans must use the capitation rate increase provided under this paragraph to increase payment rates to behavioral health services providers. The commissioner must monitor the effect of this rate increase on enrollee access to behavioral health services. If for any contract year federal approval is not received for this paragraph, the commissioner must adjust the capitation rates paid to managed care plans and county-based purchasing plans for that contract year to reflect the removal of this provision. Contracts between managed care plans and county-based purchasing plans and providers to whom this paragraph applies must allow recovery of payments from those providers if capitation rates are adjusted in accordance with this paragraph. Payment recoveries must not exceed the amount equal to any increase in rates that results from this provision.

Subdivision 1. **Generally.** A rule is effective after it has been subjected to all requirements described in sections ~~14.126 and~~ 14.131 to 14.20, and five working days after the notice of adoption is published in the State Register unless a later date is required by ~~section 14.126 or~~ other law or specified in the rule. If the rule adopted differs from the proposed rule, the portions of the adopted rule that differ from the proposed rule must be included in the notice of adoption together with a citation to the prior State Register publication of the remainder of the proposed rule. The nature of the modifications must be clear to a reasonable person when the notice of adoption is considered together with the State Register publication of the proposed rule, except that modifications may also be made that comply with the form requirements of section 14.07, subdivision 7.

If the agency omitted from the notice of proposed rule adoption the text of the proposed rule, as permitted by section 14.14, subdivision 1a, paragraph (b), the chief administrative law judge may provide that the notice of the adopted rule need not include the text of any changes from the proposed rule. The agency may not adopt the withdrawn rules without again following the procedures of sections 14.05 to 14.28, with the exception of section 14.101, if the noncompliance is approved by the chief administrative law judge. The agency shall report to the Legislative Coordinating Commission, other appropriate committees of the legislature, and the governor its failure to adopt rules and the reasons for that failure. The 180-day time limit of this section does not include:

"Sec. 14. **[15.77] SAVI PROGRAM.**

**Subdivision 1. Program established.** The state agency value initiative (SAVI) program is established to encourage state agencies to identify cost-effective and efficiency measures in agency programs and operations that result in cost savings for the state. All state agencies, including Minnesota State Colleges and Universities, may participate in this program.

**Subd. 2. Retained savings.** (a) In order to encourage innovation and creative cost savings by state employees, upon approval of the commissioner of management and budget, 50 percent of any appropriations for agency operations that remain unspent at the end of a biennium because of unanticipated innovation, efficiencies, or creative cost-savings may be carried forward and retained by the agency to fund specific agency proposals or projects. Agencies choosing to spend retained savings funds must ensure that project expenditures do not create future obligations beyond the amounts available from the retained savings. The retained savings must be used only to fund projects that directly support the agency's mission. This section does not restrict authority granted by other law to carry forward money for a different period or for different purposes.

(b) This section supersedes any contrary provision of section 16A.28.

**Subd. 3. Special peer review panel; review process.** (a) Each participating agency must organize a peer review panel that will determine which proposal or project receives funding from the SAVI program. The peer review panel must be comprised of department employees who are credited with cost-savings initiatives and department managers. The ratio between managers and department employees must be balanced.

(b) An agency may spend money for a project recommended for funding by the peer review panel after:

(1) the agency has posted notice of spending for the proposed project on the agency website for at least 30 days; and

(2) the commissioner of management and budget has approved spending money from the SAVI account for the project.

(c) Before approving a project, the commissioner of management and budget must submit the request to the Legislative Advisory Commission for its review and recommendation. Upon receiving a request from the commissioner, the Legislative Advisory Commission shall post notice of the request on a legislative website for at least 30 days. Failure of the commission to make a recommendation within this 30-day period is considered a negative recommendation. A recommendation of the commission must be made at a meeting of the commission unless a written recommendation is signed by all the members entitled to vote on the item.

Subd. 4. **SAVI-dedicated account.** Each agency that participates in the SAVI program shall have a SAVI-dedicated account in the special revenue fund, or other appropriate fund as determined by the commissioner of management and budget, into which the agency's savings are deposited. The agency will manage and review projects that are funded from this account. Money in the account is appropriated to the participating agency for purposes authorized by this section.

**EFFECTIVE DATE.** This section is effective June 30, 2024, and first applies to funds to be carried forward from the biennium ending June 30, 2025, to the biennium beginning July 1, 2025."

Page 16, after line 3, insert:

"Sec. 16. Minnesota Statutes 2022, section 16A.28, subdivision 3, is amended to read:

Subd. 3. **Lapse.** Any portion of any appropriation not carried forward and remaining unexpended and unencumbered at the close of a fiscal year lapses to the fund from which it was originally appropriated. Except as provided in section 15.77, any appropriation amounts not carried forward and remaining unexpended and unencumbered at the close of a biennium lapse to the fund from which the appropriation was made.

**EFFECTIVE DATE.** This section is effective June 30, 2025."
