

**Subject** Child support and maintenance COLA adjustment removal

**Authors** Scott

**Analyst** Sarah Sunderman

**Date** March 31, 2025

## Summary

Under section 518A.75, each court order establishing, modifying, or enforcing maintenance or child support must provide for a biennial cost-of-living adjustment (COLA). Each order must specify the COLA index to be applied, and the date on which the COLA adjustment becomes effective.

This bill removes the COLA adjustment requirement, effective January 1, 2027, for all orders issued before, on, or after that date, and makes conforming changes made necessary by the removal of the requirement.
