

1.1 moves to amend H.F. No. 2103 as follows:

1.2 Delete everything after the enacting clause and insert:

1.3 "Section 1. APPROPRIATION; AMMONIA, HYDROGEN, AND RENEWABLE
1.4 ENERGY CERTIFICATES.

1.5 (a) \$4,500,000 in fiscal year 2026 and \$4,500,000 in fiscal year 2027 are appropriated
1.6 from the general fund to the commissioner of commerce for a grant to the Midwest
1.7 Renewable Energy Tracking System to develop technology that enables operation of a
1.8 system of tradable green ammonia, hydrogen, and renewable energy certificates. Of this
1.9 amount, the commissioner of commerce may use up to \$10,000 annually for the reasonable
1.10 costs of administering this section. This is a onetime appropriation that remains available
1.11 until December 31, 2030.

1.12 (b) Midwest Renewable Energy Tracking System must issue a full on-bill rebate to a
1.13 Minnesota business incurring fees to generate, transfer, and retire green ammonia certificates
1.14 through January 1, 2035. No business may receive more than \$500,000 in rebates under
1.15 this paragraph, and the total amount of rebates may not exceed the amount of the
1.16 appropriation in this section.

1.17 (c) Beginning January 15, 2026, and continuing each January 15 through 2030, Midwest
1.18 Renewable Energy Tracking System must submit a written report to the chairs and ranking
1.19 minority members of the senate and house of representatives committees with primary
1.20 jurisdiction over agriculture and commerce describing how the funds of the grant awarded
1.21 under this section were expended.

1.22 (d) Beginning January 15, 2030, and continuing each January 15 through 2035, Midwest
1.23 Renewable Energy Tracking System must submit a written report to the chairs and ranking
1.24 minority members of the senate and house of representatives committees with primary

2.1 jurisdiction over agriculture and commerce detailing the number of green ammonia
2.2 certificates issued in Minnesota during the preceding year.

2.3 (e) For the purposes of this section, "green ammonia" means ammonia produced using
2.4 100 percent renewable energy, as defined in section 216B.2422, subdivision 1, paragraph
2.5 (c).

2.6 **EFFECTIVE DATE.** This section is effective the day following final enactment."
