

**Subject** Removing income limits for housing projects developed by tax increment financing housing districts outside the metropolitan counties

**Authors** Lislegard

**Analyst** Justin Cope

**Date** March 15, 2023

### Overview

Housing districts are a form of tax increment financing (TIF) district used to develop low- and moderate-income housing. To qualify as a housing district, housing developed by a tax increment financing district must satisfy certain income limitations. With the changes proposed in this bill, those limitations would only apply within the metropolitan counties.

### Summary

Section	Description
---------	-------------

- |   |  |
|---|--|
| 1 | <b>Requirement imposed.</b><br>Limits applicability of income limitations on housing district projects to districts in one of the metropolitan counties. |
