Overview

In 2023, the legislature established the community crime and violence prevention account in the special revenue fund. The legislation also transferred \$70,000,000 from the general fund into the account and authorized the Department of Public Safety to use up to \$14,000,000 each year for grants that meet the requirements of section 299A.296.

This bill eliminates the account and transfers the balance of \$42,000,000 to the general fund.
